EDUCATION

Degree/Certificate	Institute/Board	Division/CGPA	Year
Bachelors of CS	Govt. College University, Faisalabad	3.60	2019-23
Intermediate	BISE FSD	1 st	2018
Matric	BISE FSD	1 st	2016

PORTFOLIO

- [Visit](#).

PROJECTS

- E-Commerce-FYP (Mern Stack) | [Visit](#)

I designed a website or platform that enables clients to browse and buy products from a variety of categories as a component of an e-commerce project. The platform featured a product catalog with pictures, descriptions, and prices as well as a shopping cart that let users see their final bill and submit orders using Stripe. Additionally, customers could check their order history and specific order information. – React JS, Node, Express, Rest API, MongoDB, Stripe.

- Expense-Tracker-app (React js) | [Visit](#)

The Expense Tracker app is a React-based **PWA** that utilizes **reducer and context API** hooks. It allows users to track expenses, manage personal finances, and **offers offline availability**. The app fetches data from an API, enabling real-time updates. Its intuitive interface provides interactive charts and filtering options for efficient expense management.

- Quiz App (React js) | [Visit](#)

React-based Quiz app, you utilize an **API** to fetch questions dynamically. Users can test their knowledge, receive instant feedback, and track their progress. The app's interactive interface enhances the quiz experience.

- Todo app (JavaScript) | [Visit](#)

A Todo app with CRUD (Create, Read, Update, Delete) operations in JavaScript is a simple tool for managing tasks and their associated data. Users can create new tasks, view existing ones, update task details, and delete tasks when they are no longer needed. These tasks are stores in **Local Storage**.

TECHNICAL SKILLS

- **Web Development:** TailwindCss, JavaScript, TypeScript, React.js, Redux-Toolkit, Node.js, MongoDB, Express.
- **Programming Language:** JavaScript.

** Elementary proficiency*

KEY COURSES TAKEN

- **MERN stack Development**

POSITIONS OF RESPONSIBILITY

- Create clear, simple, and reusable code.

ACHIEVEMENTS

- Managed to maintain a 3.60 CGPA while working and studying full-time

2019-23
